## RI-RTF agreement in principle

# Delegates to recommend accepting the agreement

After meeting in Québec on December 3rd and 4th, delegates from RI-RTF unions affiliated with the FSSS-CSN will be recommending that their members accept the agreement in principle reached with the minister of la Santé et des Services sociaux on November 10, 2015.

This agreement in principle deals exclusively with the non income-related aspects of our working conditions.

As for the compensation issue, RI-RTFs will continue to fight in the 400 000 strong Common Front alongside government employees to gain the same increases granted during negotiations with the Conseil du trésor.

The unanimous decision to recommend this agreement was made after delegates studied the scope and details of the agreement.

As of this week, during a round of general assemblies in all regions, the 1200 CSN member intermediate and family-type resources will be able to examine the agreement and vote by secret ballot either for or against it.

Please note that the following people, who are already members of the RI-RTF national bargaining committee, have been elected to the collective agreement follow-up committee: Renée Desnoyers, a resource from the Lanaudière region, Frédéric Lagacé, from Bas Saint-Laurent, and Marcel Prévost, from Outaouais.

On that note, happy debating!
